

**Commission on Public Elementary and Middle Schools**

**APPLICATION FOR CANDIDACY STATUS**

We request that this school be granted status as a Candidate for Accreditation. We understand that candidacy status requires a school to conduct a self-study and host a visiting committee within three years and that this status does not ensure accreditation. If accepted into candidacy status, the school agrees to pay appropriate dues and fees according to the By-Laws of the New England Association of Schools and Colleges and the policies of the Commission on Public Elementary and Middle Schools. We understand and agree that, within a reasonable period of time, we will establish a date for the initiation of our self-study and inform the office of the Commission on Public Elementary and Middle Schools.

**Please list the complete school name as it should appear in NEASC records and publications.**

School Name		Principal
